Date: January 01, 2026
Subject: Declaration on Compliance with the EU Deforestation-Free Products Regulation (EUDR)

To Whom It May Concern,

The EUDR, in force since June 2023, ensures that certain goods placed on or exported from the EU market are deforestation-free and produced in compliance with relevant local laws. It applies to seven key commodities — cattle, cocoa, coffee, palm oil, rubber, soy, and wood — as well as derived products such as leather, chocolate, paper, and furniture.

Objectives of this Regulation:

- Prevent the placement of products linked to deforestation or forest degradation on the EU market.
- Reduce carbon emissions and biodiversity loss associated with forest-risk commodities.
- Promote transparency and traceability through due diligence obligations.
- Ensure that products originate from land not deforested or degraded after 31 December 2020 and comply with all applicable local laws in the country of production.

Although Interflon does not directly trade in the primary commodities covered by the EUDR, certain ingredients used in our formulations may fall within its scope.

To the best of our knowledge and based on information provided by our suppliers, we hereby declare that:

- Interflon is aware of and aligned with the requirements of the EUDR (Regulation (EU) 2023/1115).
- Where applicable, all ingredients used in our products are sourced from suppliers who demonstrate compliance with EUDR requirements.
- Our products do not contribute to deforestation or forest degradation and are produced in accordance with applicable local and international regulations.

Interflon remains committed to sustainable sourcing, transparency, and continuous compliance with evolving environmental and regulatory standards.

This information is based on our best and present knowledge and intended to provide general notes about products and intended use. It shouldn't be construed as guaranteeing suitability for an application. Quality of our products is guaranteed under our General Conditions of Sale between Interflon BV and/or subsidiaries and/or contracted distributors. Interflon® and MicPol® are registered trademarks of Interflon BV. Variations not affecting product performance are to be expected during normal manufacturing. Information provided in this document is subject to change without notice in advance
