Subject: Statement REACH and SVHC

To whom it may concern,

REACH regulation dictates that Substances of Very High Concern (SVHC) are subject to specific authorization. Article 33 of REACH requires manufacturers and importers to notify EU users about presence of substances of concern when concentrations ≥ 0,1% (w/w).

Interflon B.V. declares that our products do not contain SVHC substances of the "Candidate List" in force in Europe, since its last update published by ECHA, at a content greater or equal to 0,1% (w/w).

More information can be found on https://echa.europa.eu/candidate-list-table
