Dear Kim,

APPROVAL OF DAIRY MAINTENANCE COMPOUND FOR USE IN FARM DAIRIES

The renewal of the product **Interflon Metal Clean F** has been considered in conjunction with the independent assessment reports formerly provided and has been determined to satisfy the requirements of regulations 12, 13, 14, 53, and 247 of the Animal Products Regulations 2021 and regulation 43 of the Raw Milk for Sale Consumers Regulations 2015, when used in accordance with the label.

The product **Interflon Metal Clean F** has been assessed and is approved for use in farm dairies when used in accordance with label instructions.

This approval of the compound for use in farm dairies is subject to the following conditions:

1. To be used in accordance with label instructions.
2. Not to be used on food contact surfaces.
3. The method of use must ensure that milk, food, packaging or food contact surfaces will not be adversely affected.
4. Only sufficient cleaner to achieve the required effect is to be used.
5. Should incidental contact with food contact surfaces occur, surfaces must be cleaned and thoroughly rinsed to ensure no residue remains.

Where this approval is stated on the product label, the statement "MPI approved for use in farm dairies" is to be used, unless an alternative is agreed in writing by MPI.

Should this product be determined to be unsatisfactory when used as per the label or as per any recommendation provided by the manufacturer or an agent of the manufacturer, MPI may amend or withdraw this approval.

Review

This approval of a dairy maintenance compound for use in farm dairies is valid for a maximum period of 5 years but is subject to periodic review and may be withdrawn at any time should the Director-General determine that there is sufficient evidence that the product is not fit for the purpose for which this approval applies. You will be issued a letter prior to the review date, which is set at **1 August 2030**, but you are responsible for ensuring that this review is completed if you wish to retain MPI approval of the above dairy maintenance compound.

Yours faithfully,

Shaleen Narayan
