

Münster, 03.11.2023

Certificate

Dermatest GmbH confirms hereby that the Product

Interflon Powerwipes

was evaluated for skin tolerability by means of open epicutaneous testing on 30 subjects with various skin types under the control of dermatological specialists and according to international guidelines.

Study number 2309195862

No relevant skin reactions were detected in the test area following a single product application.

Therefore, from a clinical-dermatological point of view, the product was tolerated

"excellently"

and can be declared as "dermatologically tested".

Based on the study design and the confirmed skin tolerability, the Dermatest® guaranty seal can be assigned for use for the test product.

The seal contains the month and year (09/2023) of the testing.
